RULES FOR THE SUPERVISION OF BREWERIES.

No. 144.—In the exercise of the powers conferred upon him by section 29 (clauses *h* and *k*) of the Madras Abkári Act, 1886, and of all other powers enabling him in this behalf, the Right Honorable the Governor in Council is pleased to make the following rules :—

1. Every licensed brewer shall keep in some part of his brewery, which shall be approved by the Collector and which shall be accessible both by day and by night to all officers authorized to inspect the brewery, a Brewing Book in the appended form, in which shall be separately entered the particulars of every brew made. No entry in a Brewing Book shall be cancelled, erased, obliterated or altered and no entry shall be made therein which is incorrect in any particular.

2. Every entry in a Brewing Book shall be made by the brewer himself or by some responsible person employed by him whose name shall previously be reported for the approval of the Collector.

3. Columns 1 and 2 of the Brewing Book shall be filled up not less than six hours before the brew to which they relate is begun. Columns 3 to 5 shall be filled up not less than two hours before any of the materials are used. Columns 6 and 7 shall be filled up simultaneously with the entries in columns 3 to 5. Columns 8 to 13 shall be filled up within one hour after the completion of the collection of the worts of each brew in the fermenting vessels, and columns 14 to 20 within one hour after the completion of the collection of the beer in the racking vessels, provided that, if the worts be not all collected in the fermenting vessels, or if the collection of the beer in the racking vessels be not completed, before 9 P.M. on any day, the time for making the entries in columns 8 to 20 will be extended to 8 A.M. the next morning.

4. All fermenting and racking vessels must be so placed and fixed to the satisfaction of the Collecor as to admit of the contents being accurately gauged or measured, and must be fitted to the satisfaction of the Collector with proper dipping rods so adjusted to fixed dipping places that the contents of such vessels may at any time be ascertainable.

5. The name of every such vessel shall be kept painted on a conspicuous part thereof. If more than one such vessel is used for either of the above purposes, each shall be distinguished by a progressive number.

6. A table shall be prepared by the brewer and be checked by the Collector or other officer appointed by him showing the capacity of each vessel in imperial gallons by the number of "dry inches," that is, the unoccupied space between the surface of the liquid contained in the vessel and the fixed dipping place.

7. No vessel shall be used for the fermentation of worts or for the racking of beer until it has been gauged and the gauging has been checked as above provided.

8. Officers authorized to inspect breweries shall be at liberty to check declarations of quantity and gravity at any time. They shall also be at liberty to take samples of the worts and beer at any stage of the manufacture and to send them for analysis.

9. No brewer shall use or permit to be used in the manufacture of beer any ingredients other than properly-prepared malt (or preparations thereof), sugar and hops. The proportion of sugar used shall not exceed one quarter of the total of the malt or preparations of malt and sugar used. The quantity of hops used shall not fall short of 3 lb. per hogshead. No beer brewed under licenses issued under the Madras Abkári Act, 1886, shall contain more than eight per cent. of absolute alcohol by volume.

10. Every brewer shall keep a Stock Account in which he shall enter the quantity of beer manu-

factured in his brewery, the quantity sold or wasted, the persons to whom sold, and the quantity remaining unsold each day. Such account shall be produced for the inspection of the Collector or any officer appointed by him for the purpose of inspecting it whenever required.

11. The stock of beer on hand in every brewery shall be examined by the Collector or other officer appointed by him once a quarter or oftener as the Collector may direct. If the quantity of beer found in the brewery on such examination shall be found to be in excess of the quantity shown on hand in the Stock Account, the brewer shall pay duty on such excess at double the rate hereinafter prescribed.

12. A quarterly account shall be prepared by every brewer and shall be forwarded by him to the Collector on or before the fifth day of each of the months of January, April, July, and October. Such account shall show the total quantity of beer made during the preceding quarter respectively ending on December 31, March 31, June 30, or September 30, as the case may be, and the quantities of beer sold to the public and issued to the Commissariat Department on the public service during such quarter.

13. The Collector shall take such steps as he may think fit for checking the accuracy of the said quarterly account by comparison with column 16 of the Brewery Book, with the brewer's Stock Account, with the counterfoils of the permits issued by the brewer under Government Notification, No. 75, dated March 17, 1886, and with the certificates granted by the officers of the Commissariat Department to whom beer has been issued on the public service; and shall then advise the brewer of the amount of duty calculated as below specified payable by him on account of the beer made in the quarter.

14. The brewer shall pay the duty so calculated into a Government treasury within five days of receipt of advice as hereinbefore specified. Receipts shall be granted in duplicate for all payments so made by brewers. The brewer shall retain one receipt and shall send the other to the Collector.

15. If a brewer objects to the amount of duty fixed by the Collector as hereinbefore provided, he may move the Collector to revise his charge. If still dissatisfied with the orders of the Collector, he may appeal to the Commissioner of Salt and Abkári Revenue, whose orders shall be final. Provided that no such revision shall be undertaken by the Collector nor shall any appeal be admitted by the Commissioner unless and until all sums found to be due by the brewer under rule 13 have been previously paid. In the event of the Collector's original charge of duty being found by him or being decided by the Commissioner to be excessive, the excess levied from the brewer will be refunded to him.

16. Duty shall be calculated at the rate of one anna per imperial gallon or at such other rate as the Governor in Council may from time to time prescribe under section 17 of the Madras Abkári Act, 1886, upon the whole quantity of beer made in every brewery as above ascertained, provided that an allowance of eight per cent. shall be made for wastage in the conduct of operations, and that no duty shall be charged on beer issued to the Commissariat Department on the public service and certified to have been so issued by the proper officers of that Department.

17. In the event of the above-mentioned allowance of eight per cent. for wastage being exceeded through the accidental breakage of a cask or other unavoidable cause, the matter shall be reported to the Commissioner of Salt and Abkári Revenue, whose decision shall be final.

1. The Map Record and Issue Office, Calcutta, supplies printed maps from stock on book-debit on the public service. It also arranges for the coloring and mounting of maps when required, but work of this description must be paid for *in cash*, as well as charges for packing cases, carriage, and postage.

2. Maps can also be obtained from the above-mentioned office on payment *prepaid*, as well as from the following Local Agents, who however have no authority to issue maps on the public service:—

NAGPUR.—Curator of Government Books.

4. The mode of transit and address or station to which the maps are to be sent should invariably be specified.

5. Indent forms for maps on the public service can be obtained from the Assistant Surveyor-General, in charge of the Surveyor-General's Office.

6. Lists of all newly-published maps are periodically notified in the Gazettes of India and Local Governments.

Requisitions for Lithographic or Photographic Work.

7. The Lithographic and Photographic Offices at Calcutta reproduce maps, plans, and drawings by lithography and by photography on book-debit on the public service, and on cash payment in certain special cases only. The Trigonometrical Branch Office at Dehra Dun does not, as a rule, undertake work for other departments.

8. As a rule, drawings in line can be reproduced by photo-zincography if suitably drawn in accordance with instructions, which may be obtained on application to the Assistant Surveyor-General,

Photographic Office, No. 1, Wood Street, Calcutta. Colored and other drawings unsuitable for photo-zincography must be lithographed, but the cost is considerably greater.

9. Photographs, if required in large numbers, can be cheaply reproduced by the photo-collotype and heliogravure processes from suitable negatives.

10. All applications for lithographic or photographic work on the public service should, if possible, be submitted in the following form, which is not required in duplicate. Blank forms may be obtained on application to the Assistant Surveyor-General, Surveyor-General's Office.

INDENT No.——— on the LITHOGRAPHIC / PHOTOGRAPHIC OFFICE, S.I. DEPT., for——————to be reproduced by ———— for the use of———————————————dated ———————————188 .

I do hereby certify that the maps, &c., specified in this indent are indispensably necessary to the best of my knowledge and belief after the most careful examination.

Countersignature of approving authority.

Signature of Indenting Officer, with designation of appointment in full.

11. All necessary information as to the scale of reproduction, number of copies required, quality and size of paper, mode of transit, and address to which proofs and printed copies are to be despatched should be shown on the face of the indent and not in a covering letter, unless more explanation is required than can be given on the face of the indent.

12. All indents must be duly approved and countersigned by the heads of departments, or the Government under which indenting officers may be serving, before they can be supplied, viz. :—

13. Lithographic and Photographic work will be undertaken on behalf of Municipalities, Port Trusts, Railway Companies, the Trustees, Indian Museum, and other quasi-official bodies for cash payment on indents in the form prescribed above. Private work cannot be undertaken except in very special cases, when it cannot possibly be done otherwise, and when the office can take it up without inconvenience. On such work an extra charge of 10 per cent. will be made over and above the usual rates. In all cases where cash payment is required, an estimate will be given and the amount must be remitted before the work can be put in hand.

14. As a rule, maps and drawings reproduced by lithography or photography are not colored, but in special cases where coloring is essential, it can be arranged for on cash payment, as prescribed under rule 1. Packing and transit charges must also be paid by indentors.

15. To enable the indenting officer, as well as the officer who countersigns and finally passes an indent, to know the cost involved thereby, the average ordinary price of each description of work executed in the Lithographic or Photographic Offices is given in the annexed list.

16. Indents should be regulated, not according to what an officer would like to have, but by what is absolutely necessary. It is in all cases an economy to have maps and drawings reproduced on as small a scale as possible.

II. Tenders must specify the rate per gallon of the strength of 30° under proof which the tenderers are prepared to pay to Government for the privilege above described.

III. Each tender must be accompanied by a deposit of Rupees 500 in cash or currency notes and be enclosed in a cover superscribed with the words "Tenders for the exclusive privilege of manufacture and supply of country spirits in the Godavari and Kistna Districts." Each tender must be sent to the Collector of Kistna together with a sample of twelve quart-bottles of the spirits proposed to be supplied before 12 o'clock noon on the 30th of April 1886, after which no tender will be received.

IV. The tenders will be opened by the Collector in public on the 1st May 1886 at 12 o'clock noon. The final disposal of the tenders will rest with the Board of Revenue, to whom the Collector will forward, through the Commissioner of Salt and Abkári Revenue, all the tenders he receives. The Board will have full power to accept such tender as they may deem best for the public interests, or to reject all those received, without assigning any reasons.

V. The decision of the Board in each case will be announced on or before the 15th May 1886 and be communicated direct to the tenderers concerned, and the deposits of the unsuccessful tenderers, on application to the Collector, will then be returned to them.

VI. The person whose tender has been accepted shall, within one week after the Board's decision has been communicated to him, deposit a sum of Rs. 1,000 in Cash or Government Promissory Notes endorsed to the Collector, inclusive of the sum deposited with the tender, and, if he fails to do so, the Board's decision accepting the tender will be cancelled, the deposit already made will be forfeited, and the Board will come to a new decision on the tenders already received, or will otherwise dispose of the exclusive privilege at their discretion.

VII. When the full deposit of Rupees 1,000 as described above is made, the person whose tender and final deposit have been accepted shall execute an agreement binding the said person for himself, his heirs, successors and assigns to the conditions hereinafter set forth and hypothecating the Distillery buildings, machinery, implements, apparatus, stock of liquor, &c., as security for the payment of all sums which may become due to Government by way of duty, rents, penalties, fines, or other payments due under the provisions of the license to be granted to him, and, if he fails or refuses to sign

the agreement (a copy of which may be obtained from the Collector) within a week from completion of the deposits, the deposits already made will be forfeited and the exclusive privilege will be assigned otherwise as the Collector may determine.

VIII. As soon as the agreement has been executed, the Collector will issue a license assigning to the party whose tender has been accepted, and who has made the required deposits and executed the above agreement, the exclusive privilege described in the first clause of this notice, subject to the following conditions:—

CONDITIONS.

1. The licensee shall establish either a distillery or a depôt of excise at his option at Bezvada (Kistna District) in such buildings as shall be approved by the Collector of the District. The distillery or depôt shall be open at all times to inspection by the Collector or any subordinate whom he may depute for the purpose.

2. The licensee shall have the exclusive privilege—

(i) of manufacturing and supplying country spirits to licensed arrack vend farmers in the marginally-noted taluks of the Kistna District and to independent arrack shopkeepers in the Towns of Masulipatam, Bezvada, and Guntur; and

Guntur. Palnad. Sattenapalle. Vinukonda. Narsaraopet. Nandigama. Bezvada.

(ii) of supplying country spirits of the strengths of 20° and 30° under London proof to licensed renters in the remainder of the Kistna District and throughout the whole of the Godavari District (including the independent arrack shopkeepers in Rajahmundry and Ellore Towns).

3. The licensee shall so arrange his stills that their worms shall discharge into closed and locked receivers, to be provided by him and to be approved by the Collector, of such description that no spirits can be removed from them until they are unlocked. He shall also provide and maintain suitable and secure fastenings to all stills, spirit receivers, doors, &c., to the satisfaction of the Collector, for the attachment of locks to be provided by Government. The keys of all such locks will be retained by the Government Officer in charge of the Distillery or Depôt of Excise, but the licensee will be at liberty to affix his own locks also on all stills, receivers, doors, &c., on which Government locks are placed, provided that he shall always, on the requisition of the Collector or of the Officer in charge of the Distillery, immediately remove his locks so as to allow the free inspection of the stills and receivers on which, and of the rooms on the doors of which, they are placed and of all the contents thereof.

4. An account will be taken of the licensee's stock of spirits at such intervals, not being greater than three months, as the Collector may direct, and the licensee shall pay to Government duty at the rate of Rupees 4 per gallon of spirits of the strength of London proof, and proportionately for higher or lower strengths, for all spirits which may not be forthcoming, and for which he shall be unable to account to the satisfaction of the Collector in excess of an allowance of 2½ per cent. which will be made him for wastage.

5. No spirits shall be taken out of the Distillery or Depôt of Excise until they have been gauged and proved by the officer appointed for the purpose. No undistilled wash shall be removed from the Distillery under any circumstances whatever.

6. When spirits, on being brought up to be gauged and passed outwards for consumption, are found to be bad or unfit for consumption, the Collector may order them to be destroyed.

7. Spirits shall be issued under this license only to the licensed persons mentioned in condition 1 and shall be of the strengths of 20°, or of 30°, or of 60° under proof and of no other strengths.

8. The licensed persons aforesaid shall be entitled to have spirits issued to them, with all reasonable expedition, in such quantities as may be required, on payment of the still-head charge at the following rates, either direct to the licensee at the Distillery or Depôt of Excise or at any Depôt of Issue established under condition 9, or into a Government treasury, as may be most convenient to them:—

9. The licensee shall maintain Depôts of Excised Liquor at Masulipatam, Guntur, and Rajahmundry to facilitate the supply of spirits to the shops therein and to arrack vend farmers and to licensed renters.

10. If the licensee fails to issue spirits as specified in condition 8 within twenty-four hours (exclusive of intervening recognized holidays) after the receipt of the still-head charge, if it has been paid direct to him or after the receipt of the order from the Treasury officer for issue of spirits, if the amount has been paid into a Government treasury, he shall be liable to pay a penalty to be fixed at the discretion of the Collector at a rate not exceeding Rupees 5 per gallon of spirits not supplied for every day during which the failure continues. The penalty may be enforced by deducting the amount from any sums found due by Government to the licensee or from any deposit made by him as security for the fulfilment of his engagement. The Collector may further, in such case, purchase spirits elsewhere for supply to the aforesaid licensed persons and recover the cost thereof from the still-head charge paid direct to Government by arrack vend farmers, licensed renters and shopkeepers, and any loss of Government duty entailed by such arrangement shall be recovered from the licensee in the manner above laid down or, if necessary, under the provisions of Madras Act II of 1864.

11. The spirits issued shall be of good quality and not inferior in any way to the samples furnished by the licensee with his tender. The arrack vend farmers, licensed renters, or the shopkeepers, as the case may be, shall only be entitled to object to the quality of spirits before taking delivery, and the validity of such objection shall be decided by the Collector, or by an officer deputed by the Collector and not inferior in rank to a Deputy Collector subject to appeal to the Collector, whose decision in the matter shall in all cases be final. No objection made after delivery is taken shall be heard.

12. The materials to be used in distilling shall be of good quality, and no ingredients noxious to health shall be used in distillation or put into the spirits after they have been made.

13. The licensee shall keep true accounts of the quantity and strength of the spirits manufactured or received at, issued from, and remaining in the Distillery or Depôt of Excise. Such accounts shall be produced when required for inspection by the Collector or by any other officer appointed by him, and the licensee shall be bound to furnish such information or returns as may be required by the Collector from time to time relating to the manufacture and issue of country spirits.

14. The licensee will be at liberty to commence distilling or storing in the Depôt of Excise one month before the first day of July 1886, but no spirits so distilled or stored shall be sold or be allowed to pass out of the custody of himself or his servants before that date, unless otherwise permitted by the Collector in view to outlying depôts being supplied with spirits by the said date.

15. Every person employed by the licensee to superintend the Distillery or depôt shall, before entering upon his employment, execute the engagements prescribed by law, forms of which may be obtained from the Collector. All engagements entered into by persons to be employed by him on the 1st July 1886 shall be deposited with the Collector within one month from that date or of the date of executing the engagement.

16. If it comes to the knowledge of the licensee that any person employed by him in the prosecution of his business as the monopoly supplier of country spirits under this license commits any breach of the Abkári laws or of the engagements entered into by him, it shall be his duty to report the matter to the Collector, and to comply with the directions of the Collector respecting the continued employment of such person.

17. Accounts will be adjusted for each month within the 15th day of the month following, in order to the due distribution between Government and the licensee of the sums paid by arrack vend farmers, licensed renters and shopkeepers as still-head charge either direct to the licensee or into Government treasuries, and any sums then found due by either party to the other shall be paid at once. In default of such payment by the licensee, interest shall be payable upon all moneys due at the rate of six per cent. per annum.

18. All sums payable by the licensee may be deducted from the amount of his deposit or recovered by attachment and sale of his hypothecated or other property under any law for the time being in force for the recovery of arrears of land revenue.

19. Any sum deducted by the Collector, under the powers herein contained, from the amount deposited by the licensee as security for the due performance of the contract shall be replaced by the latter within fifteen days from the date of receipt of a notice from the Collector informing him of such deduction having been made.

20. In case of any breach of the conditions of the license either by the licensee, or, with his connivance and privity, by any person in his employment, it shall be competent to the Collector to impose upon him a fine not exceeding the sum of Rupees 50 for every breach of such conditions, or, at the option of the Collector, to declare the money deposited with him forfeited and to cancel the license. It shall be lawful for the Collector to deduct the amount of all fines imposed under this clause from the sum deposited by the licensee as security for the due performance of the conditions of the license.

21. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of any person for any offence which may be committed against the provisions of the Madras Abkári Act, 1886, or other law for the time being in force and relating to the Abkári revenue.

22. If the licensee should be convicted, on prosecution before a Magistrate, of any offence against the Madras Abkári Act, 1886, or other law for the time being in force and relating to the Abkári revenue, it shall be lawful for the Collector to declare his license forfeited.

23. The licensee shall be bound by any additional rules which may from time to time be prescribed under the existing Abkári law or under any law which may hereafter be enacted, and he shall cause all persons employed by him in the prosecution of his business as monopoly supplier of country spirits under this license to obey such additional rules.
